Forecast for Saturday 18 Jun 2022

Weather: Some bright or sunny periods and scattered showers in the morning, perhaps wintry on the very highest tops at first. Becoming cloudy in the afternoon and evening with showers continuing, but these mainly light.

Chance of cloud-free hill tops above 800m: 70%, best chance in the morning

Low cloud and visibility: Very good with good air clarity, but areas of cloud down to 700 metres developing through the afternoon, especially across the west where showers occur.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Met Office Aberdeen Meteorologist's View

Be prepared for gusty weather at height with widespread upland gales, winds will reach 60 across the very highest tops. Note low temperatures at height so significant wind chill expected in the wind.

Forecast for Sunday 19 Jun 2022

Weather: A rather cold, windy and often cloudy day with a few light showers, these mainly in the morning period. Best of the brighter conditions will be around Skye and southern Lochaber in the afternoon

Maximum wind: Northwesterly gusting to 30 mph on the summits, and nearer 40 mph on the highest tops.

Chance of cloud-free hill tops above 800m: 50%, best chance in the southwest

Low cloud and visibility: Very good with good air clarity outside of cloud. Areas of cloud down to 800 metres through the day, this most widespread in the north of the region.

Temperature: **Glens:** Plus 5 rising to 15 Celsius
At 800m: Plus 3 rising to 6 Celsius
Freezing level: Above summits
